

Road Working

Owing to disappointment in getting a foreman to take charge of the practical road work, after two days work it was deemed advisable to suspend will never be rebuilt. There are further actual work until next Monday, hoping it may rain before that time. The committee now know from work Monday and Tuesday about what new buildings must be fireproof. teams are needed, and the division of labor. The worst place on any of the roads, one mile south of Selmer, was almost finished Tuesday. The tools needed are now at hand, and things will be pushed when work begins again. Everything is satisfactory, and dirt will fly.

State Fair Trip

By Our Special Representative ARCHIE McCULLAR

On starting Tuesday evening of last week. I was delayed at Finger on account of a freight wreck on the switch caused by an I C. train breaking in two; and this was some little jam. After two and a half hours we passed and got to Jackson, stopping over at the Hefley boarding house where I found beds good and nice.

Wednesday at 8:30, leaving for Nashville, on my way I saw the N. C. & St. L. demonstration farm, which was beautiful; and at Camden, Tenn., they are straightening the road. I guess Mr. Horry Hodges is responsible for this. We might have had our road straightened if he had stayed in

"Riding, pure is the stream, Fresh is the scene."

Passing, I arrived at Nashville 1:40 p.m., caught a car to the fair, after

first being located.

WHAT I SAW AT THE FAIR Fine racing, extraordinary agricultural exhibits, truck garden and farm products, fruits nicer than painted pictures, which just make your mouth water. I saw the fine live stock parade of all kinds and breeds from 100 pounds to 2.000 pounds; silos, farm implement, auto display of the world, and a cow milker which would milk many thousand cows a day; two disc plows pulled by traction engines. breaking 7 acres, fuel, 20 gallon coal oil driver. Six diavelo girls held ten thousand people spellbound while performing their feats.

Some of the places I visited: The fair 3 days, my cousin Andrew Hipps; preciate that also. my friend Master Estell McAlpin, in the Tennessee Industrial School, where I saw wonderful campus adv grounds, nice buildings, plenty of games for passtime. Estell is making good and is studying telegraphy and music and belongs to the T. I. S. Band. The superintendent of this school has had charge 40 years; a lady also 35 years; so this shows they given to any person bringing to the are the best or they could not have fair on Wednesday, Oct. 11, 1916, lot in Finger, \$100. stayed there so long. My idea: I be- the greatest number of people over lieve this is a great school and is a 12 years of age, paying admission to 3 lots in Adamsville, \$20. manufacturing plant of men and the fair, in one conveyance, the load

market square, postoffice, high school agricultural display, the character building, churches, the Stalhman and variety of the exhibit to be conbuilding, seeing over the city, and sidered. a 4th national bank building being \$5.00 for the exhibit above.)

erected which will cost one and one half million dollars; two lives have been lost thus far in the erection.

It is thought that East Nashville only 3 houses erected in that vast vacant territory of about 800 lots. The people lost everything, and the

Nashville a few days ago appealed to the supreme court and the L. & N. lost their fee of \$3 which they charged other roads for transferring freight cars. This is a great gain to the city of Nashville,

There are over 100 schools in this city, so you see why it is called the Athens of the South. It is not the greatest of cities, but every citizen of the state should be proud of it and pay it at least one visit in life.

To the Voters of This Senatorial District, Composed of the Counties of Benton, Decatur, Hardin, Hardeman and Mc-

H. P. WOOD.

Correct. Sept. 23, 1916.

I have been nominated for the place of State Senator from this district. If elected it is my purpose to work earnestly for the people of this district and for Tenn. I believe in clean, honest and straight-forward dealing in politics as well as in any other business and shall be governed according to this belief. I wear no man's collar and shall not, save that of the citizens of the district, whose advice and counsel will be appreciated on any and all matters affecting them. I am a democaat to the core but believe in practicing it as well as to preach it. I shall appreciate the vote of all democrats and if any charitably inclined republican, whether "Bull-Moose" or "Bull Elephant" shall be disposed to vote for me I shall ap-Very truly yours,

R. L. STOCKARD.
